Attention:

Re: Special Spaces  
Log 447

Gentlemen:

After reviewing all special space information again we find several electrical questions still remain. Our electrical design staff has documented these questions in Attachment A. Please note the assumption being made on load criteria.

Please submit answers to these questions as soon as possible. A telephone response will be quite adequate and far more expeditious.

Very truly yours,

Wm. Everett Medling, AIA  
Project Manager
